

Are you interested in working with a group of older adults to help make the Canton community better? We invite you to join us in creating a small group (Team) focusing on a new initiative where we identify possible projects and use an Innovation Process to put these projects in place and make the community better. As part of the team, you will learn skills such as problem finding and solving, team work skills and other communication methods. Some examples of projects might be creating a booklet of safe outdoor walks and gardens for all older adults and disabled folks, mentoring students, building toys for children & delivering them to hospitals, and creating a list of local non-profits for the community. Your wisdom and experience are invaluable; together, we can make a meaningful difference in our community! If you are interested in joining this small group, please call 781-828-1323
